INDEX TO VOLUME I., 1920.

☞ *Readers in search of a given subject will find it useful to bear in mind that the references are in several cases distributed under two or more separate but nearly synonymous headings—such, for instance, as Brain and Cerebral, Heart and Cardiac, Liver and Hepatic, Bicycle and Cycle, Child and Infant, Bronchocele, Goitre, and Thyroid, Diabetes, Glycosuria and Sugar, Eye, Ophthalmic, and Vision, &c., &c. (Py Q) = Parliamentary Question.*

A Concordance of page numbers and dates of issue will be found on the opposite page.

A

Abdomen, upper, surgical approach to, 721
Abdominal surgery on two wars (Mr. V. W. Low), 421; emergencies (Prof. C. F. M. Saint), 795, 884, 1383
Aberdeen Sick Children's Hospital, plan for raising funds, 1082; hospitals scheme, 1133
Aberdeen University, new professor of botany, 675; pass-lists, 790; halls of residence for students, 1027; appointments, 1133
Abortion, criminal, increase of (leading article), 268, 351; factors causing, analysis of 100 cases, 817
Abortionist, professional, sentence on, 927
Abrams, Dr. A., topographic percussion and visceral tonicity, 541
Abrams's method of percussion to delineate the solid organs in the chest and abdomen (Sir J. Barr), 1109
Abscess, liver, diagnosis and treatment, 117; of the liver among British Eastern troops (Mr. A. L. Candler), 429; fixation, 1170
Accidents, epidemiology of (leading article), 161
Achondroplasia in a girl, 658
Acta Societatis Medicorum Fennicæ "Duodecim" (review), 918
Actinomycosis of tonsil, 501; of thoracic wall, 912; of the cæcum (Mr. E. G. Slesinger), 1220
Acton, Maj. H. W., treatment of benign tertian fever, 1257
Adams, Mr. J., treatment of ante-natal and post-natal syphilis, 913
Adams, Mr. J. E., circumcision and congenital hypertrophic stenosis of the pylorus, 465
Addison's disease, recovery from, 923
Adeno-carcinoma of body of uterus, 258
Adenoma, cystic, of bile-ducts, 913
Adenomyoma of recto-vaginal septum, 326
Advertisements in the medical press, 979, 1230
Aeroplane travel, 846
Aeronaut, civilian, medical examination of, 975, 1026
Afghanistan, medical services in, 7 7
Age and venereal infection, 1290, 1335
Agglutination experiments with french fever rickettsia (Dr. J. C. G. Ledingham), 1264
Aid-posts for epidemics in Durham, 399
Aids to the Mathematics of Hygiene (Dr. R. B. Ferguson) (review), 100
Air pollution in Vienna, decrease of, from lack of coal, 345; in public vehicles, 578
Airmen, selection and care of (leading article), 505
Aitchison, Dr. R. S., Medical Handbook, fifth edition, 1920 (review), 1225
Alberta University, extensive additions, 1243
Albumin in urine, detection of, method of heating test-tubes (Dr. G. Bousfield), 97
Albuminuria, non-nephritic, 868
Alcohol as a therapeutic agent, discussion, 496; Government publications on the use of (Py Q), 1200
Alcohol, synthetic, ammonia, and nitrates, 210; ethylic, action on the organism, 1373
Alcohol, wood, toxicity of, 130
Alcoholic meningitis, 393
Alderton, Dr. T. G., death of, 574
Aleppo boil in France, 880
Alimentary toxæmia, simple means of lessening or eliminating (Dr. R. Chetham-Strode and Dr. J. D. Benjafield), 90
Alimentary toxæmia (Dr. E. L. Ash), 352
Allbutt, Sir C., and Mr. J. Mackenzie, medical literature for Vienna, 787; international honour to, 1229; pericardial friction and coronary thrombosis, 1333
Alcock, Col. A., Entomology for Medical Officers, second edition, 1920 (review), 872
Alexander, Dr. D. A., case of myxœdema, 914
Allegations of profiteering, complaint from the Medical Research Committee, 343
Allen, Dr. F. M., Dr. E. Stillman, and Dr. R. Fitz, Total Dietary Regulations in the Treatment of Diabetes (review), 388
Allen, Dr. H. M., death of, 1032
Allen, Dr. W., death of, 953
All-India Chemical Service, 400; Medical Conference, 978
Allingham, Dr. W., three cases of modified small-pox, 1162
Alstrom, Dr. Hedda, mechano-therapeutics, 553
Ambard, Prof. L., Physiologie Normale et Pathologique des Reins (review), 1016
Amblyopia, tobacco, in a woman (Dr. M. L. Hine), 597
Ambriodin (Centaur), 1074
Ambrosia milk and cocoa powder, 822
Ambulance, Field, Organisation and Administration (Lieut.-Col. J. H. Neil) (review), 503
American antityphus work in Poland, 671
American Journal of Ophthalmology (review), 329
American Medical Association, New Orleans session, 875; Hospital in London, 1020
Amputated, re-education of the, 768
Amputation in arterio-sclerotic gangrene, right level for, 37; leg, and mechanical limbs (Py Q), 936
Amputations, kineplastic, 281
Amusements and their effects (Mr. H. Carson), 294
Anæmia, pernicious, age and sex incidence of, 258, 405; post-malarial, galyl in the treatment of (Dr. J. G. Forbes and Dr. R. F. Lunn), 493; with splenomegaly, 770; autohæmotherapy in, 962
Anæmias, severe secondary, value of blood transfusion before operation (Dr. H. Williamson), 867, 871
Anaerobic organisms, 39; bacteria, report of committee, 47
Anæsthesia (Anesthésie à la Stovaine) (Gustave Pérol) (review), 99
Anæsthesia in throat and nose operations (Dr. F. Rood), 433, 440, 517; novocaine (Dr. G. H. C. St.G. Griffiths), 960, for thyroid gland operations, 1011
Anæsthetics, Handbook of (Mr. J. S. Ross) (review), 1015; Modern (Dr. J. F. W. Silk), second edition, 1920 (review), 1318
Anæsthetics, local, in intestinal obstruction, 464; and diabetes mellitus, 736; in labour (leading article), 775; deaths from (Py Q), 789, 936; discussion on, 914
Anæsthetist's guerdon (leading article), 1018
Anæsthetists, nurse, 394; fees, 677, 735, 787, 933; in America, 1278
ANALYTICAL RECORDS FROM "THE LANCET" LABORATORY.—Ambriodin (Centaur), 1074—Ambrosia milk and cocoa powder, 822—Anti-vermin paste, 822—Chlorosan, 822—Cod liver oil, 1074—Collosols, 1074—Digalen granules, 390—Dol's (volatalise) flannel, 1074—Fruitine confection, 1074—Mabela, 1074—Malto, 390—Nutresco preparations, 1074—Powerex, 390—Sedobro Roche, 822—Scopolamine preparations, 390—Vitmar (vitamine food), 822
Anaphylaxis, fatal, following prophylactic administration of antitetanic serum (Dr. F. B. Gurd and Dr. E. Emrys-Roberts), 763
Anastomosis, lateral intestinal, through the vagina (Mr. J. G. Watkins), 1364
Anatomical Charts, Frohse (review), 610
Anatomy, Principles of, as seen in the Hand (Prof. F. W. Jones) (review), 1119; Practical, Manual of (Prof. T. Walmsley) (review), 1172; Topographical, of the Limbs of the Horse (Dr. O. C. Bradley) (review), 1226; Practical, Cunningham's Manual of (Mr. A. Robinson), seventh edition, 1920 (review), 1224; Applied, and Kinesiology (Prof. W. P. Bowen), second edition, 1919 (review), 1273
Ancoats Hospital, Manchester, appeal, 985
Anderson, Dr. J. F., rupture of uterus, 1270
Anderson, Dr. L. G., work of the Military Hospital, Endell-street, 963
Anderson, Mr. A. S., outlook in dentistry, 1382
Aneurysm, aortic, rupture of, into the left innominate vein, 337; aortic, rupture of, into the pulmonary artery (Dr. W. E Peacock), 767
Aneurysmal varix in the neck, 1136
Angina, Vincent's, specific treatment, 54
Anglo-American University Library for Central Europe, 887, 983
Ankylosis, double, of hip, 394; two cases, 1113
Ankylostomiasis in Bengal crusade against, 828
Annual Charities Register and Digest (review), 32
Ante-natal and post-natal treatment, residential, at the London Lock Hospital for Women (Mr. G. W. Rundle), 1268
Ante-partum hæmorrhage, treatment, 1062
Anthrax in brushes, 108; in shaving brushes, 346; Prohibition Act, prohibition on importation of shaving brushes, 406
Antibodies, site of formation, 961
Antidiphtheritic serum, pericardial effusion following injection of (Dr. C. W. Cunnington), 1009
Antimalarial campaign in Palestine (leading article), 969
Antiplague measures in Secunderabad, 219
Antirelapse treatment of malaria, 60
Antiscorbutic orange-juice powder, 1182
Antituberculosis Reconstruction (review), 1367
Antityphoid vaccination of children, 1287
Antityphus work, American, in Poland, 671
Anti-vermine paste, 822
Anuria, calculous, catheterism of the ureter in, 971
Aorta, congenital stenosis of (Dr. R. O. Moon), 1314; coarctation of, 1317
Aortic aneurysm, rupture of, into the left innominate vein, 337; aneurysm, rupture of, into the pulmonary artery (Dr. W. E. Peacock), 767; and mitral regurgitation, combined, lasting over 30 years (Dr. W. Gordon), 811
Aphasia, agraphia, and alexia, 946; motor, and agraphia, 946
Apoplexy, psychogenic treatment, 1204
Apothecaries' Society of London, pass-lists, 353, 1098, 1241; award of Gilison Scholarship, 467
Appeal boards, medical, for officers, 211
Appendicectomy by a new route, 383
Appendicular concretions, ætiology of, 961
Appendix, torsion of (Dr. E. C. Bevers), 597
Appointments, weekly lists of, 69, 126, 177, 227, 292, 355, 407, 469, 525, 576, 636, 686, 744, 791, 844, 891, 940, 988, 1039, 1094, 1143, 1201, 1246, 1294, 1340, 1392
Appreciation, a great (leading article), 1277, 1284
Approved societies' view of State Medical Service, 922
Arbitration, some thoughts on (Insurance Acts Committee) (Mr. H. B. Brackenbury) 621
Archivos Rio-Grandeuses de Medicina (review), 966
Army Medical Service, a great appreciation, 1284; (leading article), 1277
Army pay of civilian medical practitioners, 285; medical history sheets (Py Q), 469; medical hospitals, allegations against (Py Q), 522; fees for civilian doctors, 1289
Arneth's reaction, significance of, with particular reference to pulmonary tuberculosis, 699
Arsenic in dermatology, legend of, 325; in sugar, 893
Arsenical treatment of syphilis (Py Q), 570; poisoning, delayed (Dr. G. S. Strathy, the late Capt. C. H. V. Smith, and Dr. B. Hannah), 802
Arterio-sclerotic gangrene, amputation in, right level for, 39
Arthritis, chronic, morbid anatomy of (Dr. G. L. K. Pringle), 1106
Arthritis, rheumatoid, with nodules, 770
Arthus, Prof. M., La Physiologie (review), 1015
Articular effusion into both knee-joints due to congenital syphilis, 1013
Artificial leg, best type, 972
Ascariasis, dangers of, 1372
Ash, Dr. E. L., alimentary toxæmia, 352
Ashdown, Miss A. M., Complete System of Nursing (review), 159
Assessment of disability (Py Q), 571
Association of Physicians of Great Britain and Ireland, meeting, 1197
Association of Surgeons of Great Britain and Ireland, 725
Association of the Press Médicale Française, 1133
Associated Surgeons of Great Britain and Ireland, Sir J. Bland-Sutton elected first president, 167, 211; inauguration, 1123
Assurance Medical Society (see Medical Societies)
Asthma, factors concerned in, and their treatment (Dr. D. W. C. Jones), 484
Asylums, public, ex-service men in (Py Q), 842; medical staff, 879
Atchley, Dr. G. F., death of, 194
Atlas of Operative Gynæcology (Prof. B. C. Hirst) (review), 554
Atmospheric pollution, monthly record of, 116, 390, 626, 1134; committee appointed to consider the question of smoke abatement, 520; cost and penalties of city smoke, 1145
Atresia of auditory meatus, 1166
Attlee, C. R., Social Worker (review), 965

Aubyn-Farrer, Mr. C. St., intensive iodine treatment, 679
Auditory meatus, cupping of, 550; atresia of, 1166
Auricular fibrillation, 443
AUSTRALIA, CORRESPONDENCE FROM.—New Health Bill; Custody of a child; University of Sydney; Federal Medical Relief Fund; Post-graduate course; Strange fatality; Fatal barium meal, 169—New Health Bill and British Medical Association; Mask wearing in Sydney; Curious double fatality; Radium burn; Professorial chairs; Commwealth Public Health Service, 515—Claims of returned medical soldiers; Medical Act of South Australia; Federal Committee of the B.M.A.; Child welfare; Personal, 835—Medical education; Dispute with lodges in Victoria, 1084—Tasmanian health legislation; Death of Sir T. A. Stuart, 1085—Increase in the medical profession; Health of miners, tuberculosis and hookworm; Sydney University; Recent appointments at the Melbourne Hospital, 1331
Austrian medical families, needs of, 563
Autopsies on prisoners of war, 395
Autopsy, fee for conducting, 1196
Autoserotherapy, dangers of, 326, 771
Aviation candidates, nose, throat, and ear disease amongst (Mr. D. Ranken), 800; military, and principles of medical science (Dr. J. L. Birley), 1147, 1205, 1251
Axhausen, Prof. D. G., Operations on Human Corpse and Living Dog (review), 100

B

Baby Week celebrations, 1292
Bacilli, tubercle, staining of sputum for, improved technique (Dr. A. Distaso), 19
Bacteria, Transmutation of (Dr. S. Gurney Dixon) (review), 327
Bacterial longevity, myth of, 923
Bacteriologist, a city, 880; position of, 1079, 1135
Bacteriology in India, 400; of colitis (Dr. H. L. Lyon-Smith), 1269
Bacteriology, Practical (Praktische Bakteriologie) (Von Dr. L. Paneth) (review), 611; Experimental (Dr. W. H. Kolle and Dr. H. Hetsch) (review), 716
Bailey, Dr. C. F., cardiac enlargement in children, the X ray data, 886, 1030
Balfour, Dr. A., treatment of guinea-worm, 885
Balfour, Dr. M. I., Women's Medical Service in India, 734
Ballance, Sir C. A., surgery of the heart, 173, 134; Essays on the Surgery of the Temporal Bone (review), 554
Ballard, Dr. P. B., mental tests, 272
Bangor Nursing Home, address by Sir J. Byers, 520
Bankart, Mr. A. S. B., congenital absence of ulna, 384
Banks, Dr. H. S., use of univalent serum in treatment of cerebro-spinal fever, 591; cultivation of the meningococcus, 1136
Banning, Dr. R. J., death of, 521
Barber, Dr. H., bone deformities of renal dwarfism, 18
Barcroft, Mr. J., therapeutic uses of oxygen, discussion, 320
Barium meal, fatal, 169
Barlow, Dr. R. G., etiology of effort syndrome, 593
Barr, Sir J., Abrams's method of percussion to delineate the solid organs in the chest and abdomen, 1109
Barrett, Lady, pregnant woman with high ammonia coefficient, 870
Barrington-Ward, Mr. L. E., resection of tibia with grafting, 1055
Barrie, Mr. J. D., cystic embryoma of ovary, 870
Barwise, Dr. S., problem of tuberculosis, 444
Bassett-Smith, Surg.-Capt. P. W., scurvy, with special reference to prophylaxis in the Royal Navy, 1102, 1112, 1182
Batten, Dr. R. D., ophthalmic physicians for the advancement of ophthalmology, 223, 1137
Battle, Mr. W. H., recurring sarcoma of small intestine, 905
Bayly, Mr. H. W., Venereal Disease, its Prevention, Symptoms, and Treatment (review), 203; importance of immediate self-disinfection, 1335
Bear, Beatrice E., British System of Physical Education (review), 1318
Beattie, Prof. J. M., sterilisation of milk by electricity, 1088
Beck, J. C., and I. Frank, Atlas of Plastic Surgery (review), 664
Belfast, Royal Victoria Hospital, meeting, 842; Ophthalmic Hospital, 1028
Belgium, medical practice during the German invasion, 212, 277
Bell, Dr. W. B., Principles of Gynæcology, third edition, 1919 (review), 503; surgical treatment of prolapse of uterus and vagina, 993, 1022; surgical treatment of uterine and vaginal prolapse, 1240, 1334; diverticulum of bladder with cystitis, 328; the vaginotome, 679
Bell, Julia, and Karl Pearson, Study of the Long Bones of the English Skeleton (review), 1071
Bell, Surg.-Cmdr. K. D., position of medical profession in relation to national physical education, 231, 526
Benjafield, Dr. J. D., and Dr. R. Chetham-Strode, alimentary toxæmia, simple means of lessening or eliminating, 90
Bensaude, Dr. R., Rectoscopic-Sigmoidoscope (review), 447
Bergonie chair, an apparatus for producing painless, alternating, interrupted electrical current, 444
Berkeley, Dr. C., Diseases of Women (review), 502; and Dr. V. Bonney, Guide to Gynæcology in General Practice, second edition, 1919 (review), 610; and Dr. V. Bonney, Text-book of Gynæcological Surgery, second edition, 1920 (review), 915
Bernays, Mr. C. M., death of, 227
Berry, Mrs. D., anæsthesia for thyroid gland operation, 1011
Bettman, Dr. R. B., and Dr. D. N. Eisendrath, right level for amputation in arterio-sclerotic gangrene, 37
Bevers, Dr. E. C., torsion of appendix, 597
Bezold's mastoiditis, 714
Bigger, Dr. J. W., and Dr. J. S. C. Douglas, instability of Rous-Turner blood suspensions, 224
Bigland, Dr. A. D., œdema as a symptom in so-called food-deficiency diseases, 243; pellagra outbreak in Egypt, 947
Bilateral congenital elevation of shoulder, 1113
Bilharzia disease, treatment with tartar emetic in South Africa (Dr. F. G. Cawston), 865, 876, 906, 933
Bilharziasis, its incidence and eradication (Mr. F. Milton), 196
Binet, Dr. L., and Dr. E. Lesné, resistance to poisons, 29; the laws of tremor, 265
1144, 1201, 1246, 1294, 1341, 1392
Bing, Prof. R., Bing's Compendium (Kompendium der Topischen Gehirn- und Rückenmarksdiagnostik), third edition, 1919 (review), 260
Biological medication, 325
Biology, Practical (J. S. Gardiner and L. A. Borrodaile), sixth edition (review), 448
Bird, Mr. T., intensive iodine treatment, 546
Birley, Dr. J. L., principles of medical science as applied to military aviation, 1147, 1205, 1251
Birmingham, health of, 225; Dental Hospital, report, 626
Birmingham University, post-graduate course, 1036
Birrell, Dr. J. A., severe tachycardia following influenza, 715
Birth-rate, high, in Norwich, 173; in Paris, rising, 513
Births, marriages, and deaths, weekly lists of, 69, 127, 177, 228, 292, 355, 408, 470, 526, 576, 636, 686, 744, 792, 844, 892, 940, 989, 1040, 1095.
Births, plural, in three generations, 922; notification of (Py Q), 1091
Björn-Hansen, Dr. E., tuberculosis in a remote community, 1280
Blackhall-Morison, Dr. A., the meaning of tachycardia, 288
Blackham, Col. R. J., Primer of Tropical Hygiene, sixth edition, 1919 (review), 872
Bladder, rupture of, associated with retroverted gravid uterus, 608; syphilis of, 828; sarcoma of, 1281
Blair, Dr. R. B., lavage of the closed pleural cavity, 838
Blaker, Mr. N. P., obituary, 738
Bland-Sutton, Sir J., retirement from Middlesex Hospital staff, 1234
Blaxland, Mr. A. J., sarcoma of uterus, 1142
Blind, deaf, and defective children in England and Wales, list of special schools, 1242
Blind members of Advisory Blind Committees (Py Q), 1035; Welfare Committee (Py Q), 1390
Blind, grants in aid of, by the Ministry of Health, 406, 684, 843; masseurs, 455, 568, 628, 734, 735, 886, 934, 1031; deputation and Prime Minister (Py Q), 987; welfare of (Py Q), 988; students, training of, 1023
Blind Persons Bill, 1140
Blindness and methyl alcohol, 72
Bliss, Mr. E. W., blind masseurs, 1031
Blockade, the, and food-supply of Germany (leading article), 452
Blomfield, Dr. J., "new gas and ether," 253
Blondel, Dr. R., female sterility since the war, 29
Blood poisoning, fatal, in Norfolk, 71; suspensions, Rous-Turner, instability of, 120, 224
Blood, transfusion of, in civil practice, 209; transfusion in secondary hæmorrhage, 608; transfusion before operation in severe secondary anæmia, value of (Dr. H. Williamson), 867, 871; effect of altitude on, 880; transfusion, 1170; transfusion, its theory and practice (Dr. G. Keynes) 1216
Blood-vessels and pressure (Dr. L. Hill), 359; pressure observations in surgical operations, 455; pressure in pulmonary tuberculosis, 508; cell suspension in complement-fixation tests, standardisation of, 1038
Blood-vessels, Gunshot Injuries to (Sir G. Makins) (review), 30
Board of Education, annual report for 1918, 44; (Medical Inspection and Treatment, Higher Education) Regulations, 1920, 1292
Boiling water for indigestion, 230
Bolduan, Dr. C., general practitioner and the treatment of tuberculosis, 1135
Bolshevist Hungary, medical practice in, 168
Bone deformities of renal dwarfism (Dr. H. Barber), 18; hydatid infestation of, with multilocular hydatid disease (Dr. C. E. Corlette), 311; graft, repair of gaps in the skull due to congenital deficiency, injury, or operation, 387; grafts, autogenous, in the treatment of simple fractures of bone (Mr. B. Hughes), 595; condition analogous to rickets in a child of 5 months (Dr. H. A. Brade-Birks), 712
"Bone setting," the practice and results of forced movement (Dr. J. B. Mennell), 297; grafting in the treatment of fractures (Mr. E. W. H. Groves), 1048; grafting, resection of tibia with (Mr. L. E. Barrington-Ward), 1055
Bones, Long, of the English Skeleton, Study of (Karl Pearson and Julia Bell) (review), 1071
Bonnet, M. Paul, systematic conservation of mutilated fingers, 1280
Bonney, Dr. V., and Dr. C. Berkeley, Guide to Gynæcology in General Practice, second edition, 1919 (review), 610; Text-book of Gynæcological Surgery, second edition, 1920 (review), 915
Bonney, Dr. W. A., obituary, 681
Books of reference, 32, 129, 1298

MEDICO-PSYCHOLOGICAL ASSOCIATION OF GREAT BRITAIN AND IRELAND.—Chronic hallucinatory psychosis and its differentiation from paranoia, 553—Chronic hallucinatory psychosis, 662—Shell shock and general war neuroses, 1223
MIDLAND MEDICAL SOCIETY.—Orthopædic treatment in war surgery, 771
MONTPELLIER: RÉUNION OBSTETRICALE ET GYNÉCOLOGIQUE.—Pregnancy with inoperable carcinoma of cervix; Ovarian grafting, 502.—Subtotal hysterectomy; Cicatricial narrowing of vagina; Hæmatosalpinx; Blood transfusion, 1170. SOCIETE DES SCIENCES MEDICALES ET BIOLOGIQUES.—Sessile anterior cervical fibroid; Double parovarian cyst; Histology of a galactocele, 1223
NATIONAL HEALTH SOCIETY.—Place of public opinion in preventive medicine, 986
NORTH OF ENGLAND OBSTETRICAL AND GYNÆCOLOGICAL SOCIETY.—Removal of one or both appendages in hysterectomy for fibroids, 68—Exhibition of cases and specimens, 326—Diagnosis of gonorrhœa, 663—Unilateral pelvo-abdominal pain due to constriction of the ureter; Factors causing abortion, analysis of 100 cases, 817—Expectant treatment in eclampsia, 1014
NORWICH MEDICO-CHIRURGICAL SOCIETY.—Primary optic atrophy; Dislocated cataractous lens; Exhibition of specimens, 443—Exhibition of cases and specimens, 1142, 1316
NOTTINGHAM MEDICO-CHIRURGICAL SOCIETY.—Modern methods of treatment in functional nervous disorders, 202—Cardiac affections and the war, 326
OPHTHALMOLOGICAL SOCIETY OF THE UNITED KINGDOM (Annual Congress).—Teaching and examination of medical students in ophthalmology, 1068—Contributions and functions, 1069—Non-operative treatment of glaucoma; Infection after cataract operations, 1115—Diabetes in relation to eye diseases, 1116—Preventive treatment of ophthalmia neonatorum, 1117
PATHOLOGICAL SOCIETY OF GREAT BRITAIN AND IRELAND.—Exhibition of cases and specimens, 157—Histological changes in five spleens; Long-standing mastitis; Multiple neurofibromatosis, 815—Adjustment of the reaction of media, 816
PSYCHO-NEUROLOGICAL SOCIETY.—Elements of the psychoneuroses; Simulation of V.D.H., 683—Exhibition of cases, 946
RÖNTGEN SOCIETY.—Exhibition of radiographic prints, 29
ROYAL ACADEMY OF MEDICINE IN IRELAND (SECTIONS).—
Medicine.—Senile urticaria pigmentosa, 1012
Obstetrics.—Tubal sterility, 1013
ROYAL MEDICO-CHIRURGICAL SOCIETY OF GLASGOW.—Repair, by bone graft, of gaps in the skull due to congenital deficiency, injury, or operation, 387—Bergonie chair, an apparatus for producing a painless, alternating, interrupted electrical current; Malignant disease of the larynx; Multiple oriental sores (Leishmaniasis), 444—Ruptured jejunum; An undescribed condition of infancy and its treatment, 817—Exhibition of cases and specimens, 1013
ROYAL SOCIETY OF MEDICINE (SECTIONS).—
Anæsthetics and Laryngology.—Anæsthesia in throat and nose operations, 440—Anæsthesia for thyroid gland operations, 1011
Clinical.—Application of war methods to civil practice, 153—Sarcoma of scapula; Fracture of shaft of left humerus, 154—Thrombo-angeitis obliterans; Unilateral sweating of the face; Unilateral dwarfism of limbs; Myxœdema with high blood pressure; Pityriasis rubra pilaris, 438—Gastro-jejunocolic fistula; Bilateral destruction of the Gasserian ganglia by alcohol injection for chronic trigeminal neuralgia; Symptomatic paralysis agitans following encephalitis lethargica, 439—? Polyneuritis cranialis; Nerve disease for diagnosis, case; Malignant endocarditis affecting the pulmonary valve, 440—Traumatic aneurysmal varix; Microphalia, craniotomy performed; Hysterical manifestations, 657—Actinomycosis of thoracic wall; Acute osteo-myelitis of a lumbar vertebra, 912—Cystic adenoma of bile-ducts; Fracture of left humerus, non-union after 34 years; Tuberculous caries of mid-dorsal spine, 913
Electro-therapeutics.—Mackenzie Davidson memorial lecture; Effects of radiation on matter, 962
Laryngology.—Naso-pharyngeal tumour; Pharyngeal diverticuli; Malignant disease of upper jaw; Laryngeal case for diagnosis; Actinomycosis of tonsil; Copper alamine in lingual cancer; Atrophic catarrh of trachea, 501—Galvano-cautery in laryngo-fissure; ? Papilloma of larynx, 502—The laryngo-stroboscope; Frontal sinus cases; Radium in malignant diseases, 660—Exhibition of cases and specimens, 1114
Medicine.—Typhus and relapsing fever in Mesopotamia and Northern Persia, 320, 379—Early manifestations of scurvy; Some deficiency diseases and leprosy, 549—Non-nephritic albuminuria, 868
Obstetrics and Gynæcology.—Origin of tumours of the ovary, 385—Statistical report of carcinoma of the ovary, 387—Interstitial ectopic gestation, 607—Rupture of bladder associated with a retroverted gravid uterus; Blood transfusion in secondary hæmorrhage, 608—Douche-nozzle removed from the female bladder, 869—Cystic embryoma of ovary; Combined placenta prævia and accidental hæmorrhage; Infected fibromyoma of the uterus; Extensive fatty changes in fibromyomata; Pregnant woman with ammonia coefficient, 870—Value of blood transfusion before operation in severe secondary anæmia; Rupture of vagina during labour; Sacculation of a gravid bicornuate uterus, 871—Traumatic laceration of pedicle of a fibroid; Rupture of uterus; Wertheim's hysterectomy for advanced carcinoma of cervix made possible by the use of radium, 1270—Spontaneous rupture of uterus following pituitrin, 1271
Conjoint meeting with North of England and Midland Obstetrical and Gynæcological Societies—Treatment of ante-partum hæmorrhage, 1062—Rupture of Cæsarean scar in subsequent pregnancy and labour, 1064
Odontology.—Dental sepsis in children, its consequences and treatment, 324
Ophthalmology.—Pulsating exophthalmos; Gunshot wound of occipital lobes, 499—Radical cure of gonorrhœal iritis, 500—Iridotomy; Sensitive vestibular nystagmus, 659—Cards for testing colour vision; Cobalt glass for detecting errors of refraction, 660—Perithelioma of the lid (?); Neuro-fibromatosis; Cysts of the iris, 1316
Otology.—New knowledge on the vestibular structure; Cases of meningitis and labyrinthitis, 254—Sarcoma of middle ear arising in Eustachian tube; Transplantation of masseter muscle for facial paralysis, 255—Cupping of auditory meatus; Purulent meningitis; Menière's syndrome; Malignant ear disease, 550—Attic suppuration with latent antral disease; Bezold's mastoiditis; Damage to auditory and destruction of vestibular nerve by blow on mastoid, 714—Rapid recovery from acute mastoid suppuration; Tumours of the eighth nerve, 1165—Atresia of auditory meatus; Destruction of ear-drum by hot liquid, 1166
Pathology.—Site of formation of antibodies; Direct hæmolysis; Ætiology of appendicular concretions, 961
Psychiatry.—Nature of epilepsy; Endocrine glands and mental disorder, 201
Study of Disease in Children.—Œsophagectasis in an infant, 255—(?) Raynaud's disease and necrosis of nasal bones; Polio-encephalitis affecting the mid-brain, 256—Influence of accessory food factors in infant feeding, 550, 604—Hemi-hypertrophy; Rheumatoid arthritis with nodules; Anæmia with splenomegaly, 770—Chronic intestinal nephritis, 1010—Suprarenal sarcoma, 1011—Dislocation of the thumb; Oxycephaly; Congenital heart disease; Case for diagnosis, 1223
Subsection of Orthopædics.—Coxa vara, 156—Osteitis deformans; Fracture of right carpal scaphoid bone; Dupuytren's contraction, 157—Double ankylosis of the hip; Congenital absence of the ulna; Pneumatic pads in the treatment of ununited fractures of the humerus, 384—Osteosclerosis of the femur; New growth formation; Achondroplasia in a girl; Exostosis of radius; Mid-carpal fracture dislocation, 658—Cyst of tibia; Case for diagnosis; Dupuytren's contraction, 659—Exhibition of cases, 1112
Subsection of Proctology.—Diverticulitis, discussion, 154, 199
Surgery.—Congenital diverticulum of the colon, 381—Appendicectomy by a new route, 383—Remote effects of surgical treatment of gastric and duodenal ulcers, 598—Exhibition of specimens, 1080

Therapeutics and Pharmacology.—Therapeutic uses of oxygen, 320—Value of alcohol as a therapeutic agent, 496
War.—Gas poisoning, 437—Scurvy, 1112
SCOTTISH OTOLOGICAL AND LARYNGOLOGICAL SOCIETY.—Exhibition of cases, 125
SHEFFIELD MEDICO-CHIRURGICAL SOCIETY.—Function of the kidney in nephritis, 663—Anæsthetics, 914—Therapeutic uses of radium, 1071
SOCIÉTÉ DE THÉRAPEUTIQUE, PARIS.—Resistance to poisons; Prophylactic value of gaseous disinfectants and fumigation in infectious diseases; Importance of the correct interpretation of urinalysis in diabetes; Increase of female sterility since the war, 29—Radium and X rays; Biological medication; Legend of arsenic in dermatology, 325—Dangers of autoserotherapy; Intoxication by syrup of belladonna, 326—Therapeutic action of the salts of radium and mesothorium, 552—Treatment of diarrhœa and mucous colitis by zinc oxide; Treatment of oxyurids by sulphurous acid; Intercrico-thyroid injection with a curved needle; Employment of fluoride of ammonium in therapeutics, 553—Dangers of autoserotherapy; Alimentary and therapeutic value of fenugreek seeds; Chemotherapy of morphinism, 771, 1169—Severe gout; Oxyurids, treatment of; Fistula in ano; Autohæmotherapy in anæmia, 962—Serum treatment by the intratracheal route; Lethargic encephalitis treated by neosalvarsan, 1169—Fixation abscess, 1170
SOCIETY OF MEDICAL OFFICERS OF HEALTH.—Working of the Mental Deficiency Act and school work, 633—Formation of a tuberculosis group, 1223
SOCIETY OF SUPERINTENDENTS OF TUBERCULOSIS INSTITUTIONS.—Physiological principles involved in the ventilating and heating of tuberculosis institutions; Relative value of butter and margarine in the treatment of tuberculosis, 1168
SOCIETY OF TROPICAL MEDICINE AND HYGIENE.—Ætiology of pellagra, 1166
TUBERCULOSIS SOCIETY.—Tuberculosis in relation to school life, 201—Surgical tuberculosis considered from the standpoint of the tuberculosis officer, 257—Need for a diploma in tuberculosis, 608—Symptomatic treatment of the advanced case, 816—Some thoughts on the treatment of pulmonary tuberculosis, 1012—Congress, 1197, 1236
ULSTER MEDICAL SOCIETY.—Methods of treating fractures developed during the late war, 345—Meeting, 399—Typhoid epidemic in a sanatorium; Medical art in relation to social progress, 782—Medical work in India, 930—Election of office-bearers, 1243
WEST LONDON MEDICO-CHIRURGICAL SOCIETY.—General paralysis; Disseminated sclerosis, 202—Idiosyncrasy to drugs, 715

Medical Society of London, dinner, 682; (see also Medical Societies)
Medicine and dentistry, outlook in (leading article), 1227
MEDICINE AND THE LAW.—"Neglect" of feeble-minded children, 624—Drunkenness as a defence in trials for murder; Contract in panel practice, 625—The law relating to coroners; Detention as lunatics of ex-Service men, 727—Medical grounds for refusal to marry, 728—Rex *v.* Holt; Negligence and compensation; City coroner's views on juries, 834—Sentence on a professional abortionist; A remarkable impostor; Witnesses under subpœna and expert evidence, 927
Medicine at Tristan da Cunha (Surg. Lieut.-Cmdr. H. St.C. Colson), 512; practice of, in Albania, 881; in China, 1178; Eastern and Western, 1344
Medicine, Fellowship of, 170; (leading article), 1077; international (leading article), 453; figures in, use of (leading article), 505; clinical, practical application of the newer methods of chemical analysis to, 634
Medicine, preventive, rise of (Dr. E. L. Collis), 7; concepts in, use of, 275; experimental, and the venereal diseases (Dr. W. F. Snow and Dr. T. A. Storey), 830; preventive, place of public opinion in (Sir G. Newman), 986; and the Rev. John Ward (Sir D'Arcy Power), 1043
Medicine, Wheeler's Handbook of (Dr. W. R. Jack) (review), 821; Mediæval (Dr. J. J. Walsh) (review), 915; and Surgery, Industrial (Dr. H. E. Mock) (review), 963; and the Allied Sciences (Dr. S. Fomon) (review), 1072
Medico-Chirurgical Society of Edinburgh (see Medical Societies)
Medico-Legal Society (see Medical Societies)
Medico-Psychological Association of Great Britain and Ireland (see Medical Societies)
Medley of Verse (Dr. F. B. Wells) (review), 448
Melbourne Hospital, recent appointments, 1331
Mellanby, Prof. E., influence of accessory food factors in infant feeding, 550, 604, 856
Menière's syndrome, 550
Meningeal syndrome in sunstroke, 670
Meningitis and labyrinthitis, cases of, 254; alcoholic, 393
Meningitis, purulent, 550
Meningococci in the petechiæ of cerebro-spinal fever, 826
Meningococcus, cultivation of, 736, 1136
Mennel, Dr. J. B., "bone-setting," the practice and results of forced movement, 297
Mental Deficiency Act and school work, working of, 633; hospitals, employment of female nurses, 678; cases, homes for (Py Q), 988; cases at Warrington and Whitchurch (Py Q), 988
Mental disorders and the endocrine glands, 201; tests, 272; cases in military hospitals (Py Q), 469, 523; defects and their diagnosis, 473; cases, uncertifiable, hospitals for (Py Q), 632, 790; cases, uncertifiable, sanatoriums for (Py Q), 685; condition of the citizens of Bristol, effects of the war on, 1169
Menzies, Dr. W. F., œdema as a symptom in so-called food-deficiency diseases, 350
Merchant ships, naval officer on conditions in, 617
Mercuric iodide in the treatment of syphilis, intravenous administration of (Mr. R. L. Spittel), 378
Mercy for the child, 395
Mesentery, tumour of (Dr. J. K. Haworth), 1269
Mesopotamia and Northern Persia, typhus and relapsing fever in, 320, 379; medical officers in (Py Q), 685; medical students retained in (Py Q), 1138
Metals of the Rare Earths (Mr. J. F. Spencer) (review), 555
Methyl alcohol and blindness, 72; poisoning with, 881
Methylated spirits, the drinking of, 788
Methylene-blue, "toxicity" of, 1334
Metric prescribing, 178, 296, 410
Metropolitan Hospital Sunday Fund, June 27th, 1920, 1325
Metropolitan Police, hospital for, 672
Metropolitan water-supply during October, November, and December, 1919, 748
Microbic defence against infection, 170; clouds and barometric variations, 566
Microcephalia, craniotomy performed, 657
Micro-organisms, living, in papyrus and amber, 931
Microscopic Anatomy of the Teeth (Mr. J. H. Mummery) (review), 447
Microscopic work, light filters for, 1281
Middle age, medical survey at, 974
Middle ear, sarcoma of, arising in Eustachian tube, 255
Middlesex Hospital Medical School, Dr. J. McIntosh appointed to the chair of pathology, and Mr. S. Russ to occupy the new chair of physics, 564; coördination of research at, 877
Midland Medical Society (see Medical Societies)
Midwifery and the unqualified midwife, 37
Midwifery, Manual of (Dr. T. W. Eden), fifth edition, 1919 (review), 716
Midwives, supply of (Py Q), 1035
Millan, Dr., recent French work on syphilis, 829
Military Hospital, Endell-street, work of, 963
Military hospitals, nitrous oxide gas for, 349
Military hygiene in olden time (Sir J. Goodwin), 638, 688; (leading article), 720; training as a panacea (leading article), 825; and naval medical men, retired, at Pensions Ministry (Py Q), 987
Military Surgeon (review), 450
Milk and Dairies Bill, 1092
Milk, dried, feeding infants on, suggested scale (Dr. V. Borland), 89; clean, bacterial content and keeping qualities of, produced for commercial purposes, 609; clean (leading article), 776; sterilisation by electricity, 1088; clean, 1375
Milk, production and distribution of, 113; local distribution, 212; Grade "A," 474, 1279; of good quality, 528; standard condensed, 723; supply, Manchester, improvements suggested, 743; sterilisation by electricity, 1020; municipal, 1090; and scarlet fever, 1190
Miller, Dr. H. C., endocrine glands and mental disorders, 201
Miller, Dr. R. S., para-scarlet and dengue fevers, 569
Mills, Capt. H., Vermin Repression Society, 288
Mills, Mr. G. P., acute pancreatitis, three cases, 376; Practical Hints on Minor Operations (review), 716
Milroy lectures on higher fungi in relation to human pathology (Prof. A. Castellani), 847, 895, 943
Milton, Mr. F., bilharziasis, its incidence and eradication, 196
"Mind and its Disorders," 121, 172, 223
Mineral waters, control of, 514
Miners, health of, tuberculosis and hookworm, 1331
Miners' nystagmus, 334; (Py Q), 741, 1230, 1378
Miners' Nystagmus (Mr. F. L. Hoffman) (review), 1224; (La Fatigue de l'Appareil Visuel chez les Ouvriers Mineurs) (review), 1224
Minister of Health for Ireland, resignation, 826
Ministry of Health, Dr. R. J. Reece, appointed senior medical officer, 282, 339; grants in aid of the blind, 406; outdoor medical officers of, new staff, 670, 778; and nursing associations (Py Q), 739; new medical appointments, 1123; interim report on the future provision of medical and allied services, 1183
Ministry of Pensions, regional commissions, 639; proposed acquisition of Oldmills Poorhouse, 1082; Hospital, Bath, 1388; nursing service, 1389
Ministry of Social Hygiene, 346
Misadventures of Athelstan Digby (Mr. W. F. Harvey) (review), 1016
Mock, Dr. H. E., Industrial Medicine and Surgery (review), 963
Modern Spiritism (Dr. A. T. Schofield) (review), 772; Anæsthetics (Dr. J. F. W. Silk), second edition, 1920 (review), 1318
Mole, hydatid, 326; hydatidiform, in a multipara aged 51 (Dr. H. H. Gellert), 1164
Molesworth, Mr. H. W. L., infections of the hand, 1055
Mollison, Mr. W. M., lupus of palate, 660
Monod, Dr. G., International Congress of Monaco, 517
Monsarrat, Mr. K., massive calculous deposit in urinary channels, 68
Montgomery, Dr. E., and Dr. H. F. L. Taylor, medical work in India, 930
Montgomery, Mr. J. C., and Mr. M. R. Reid, acute cholecystitis in children as a complication of typhoid fever, 778
Montpellier: Réunion Obstetricale et Gynécologique (see Medical Societies)
Moon, Dr. R. O., chronic disease and civic insufficiency, 70; congenital stenosis of aorta, 1314
Moor, Mr. C., Schlatter's disease (bilateral), 914
Moore, Dr. C. W., window fatalities, 72
Moore, Dr. J. E., cerebro-spinal fluid in multiple sclerosis, 511
Moore, Mr. R. F., and Sir A. Garrod, diabetes in relation to eye diseases, 1069, 1116
Morant, Robert, public servant (leading article), 667; an appreciation by Dr. Addison, 726
Morphia, British-made (Py Q), 1140
Morphia, morphia salts, and opium (Py Q), 570; exports of, 1199
Morphinism, chemo-therapy of, 513, 771, 1169
Morrison, Dr. G. E., death of, 1234
Morrison, Mr. J. T., diseases of the male breast, 1038
Morse, Mr. T. H., labour obstructed by a tumour, 98; local anæsthetics in intestinal obstruction, 464
Mortality-curve of children in Vienna, effect of American relief on, 639
Mortality, neo-natal (Sir A. Newsholme), 1097
Moses, Dr. O. St. J., Manual of Obstetrics (review), 819
Mother and Child Welfare Centre in Aberdeen 1028
Mother stays at home, 991
Motor drivers, visual requirements of, 38; fuels, medical and public consideration, 562; car duty and medical men, 937; accident, medical man killed, 1028; car rebates for medical men (Py Q), 1091, 1337
Motzfeldt, Dr. K., diabetes and influenza, 1281
Movement, re-education of, 721
Muir, Dr. W. A., cultivation of the meningococcus, 736
Muir, Lieut.-Col. R., meningococci in the petechiæ of cerebro-spinal fever, 826
Multilocular hydatid disease, 338
Multiple neurofibromata, 325; sclerosis, cerebro spinal fluid in, 511; neurofibromatosis, 815
Mumford, Dr. A. A., medical inspection of higher grade schools, 1374
Mummery, Dr. N. H., medical men in Parliament, 171; a permanent army dental corps, 735; Federation of Medical and Allied Societies, 933; sincere flattery, 1241
Mummery, Mr. J. H., Microscopic Anatomy of the Teeth (review), 447
Municipal workshop, scheme for post-sanatorium employment of the consumptive soldier (Dr. F. S. Tinker), 457; maternity homes (Py Q), 522; hospital at Bradford (Py Q), 935
Munro, Dr. H., Newington *v.* Holman and wife, 63
Murphy, Dr. D. V., and Dr. T. H. Oliver, influenzal pneumonia, intravenous injection of hydrogen peroxide, 432
Music, the Foundations of (Dr. H. J. Watt) (review), 611

Musings of an Idle Man (Col. R. H. Firth) (review), 1367
Myalgic pains and manipulation, 121, 628, 678, 735
Myer, Mr. L., Lectures on Venereal Diseases (review), 1173
Myers, Dr. C. S., narcolepsy, treatment, 491; place of normal psychology in medical education, 1385
Myers, Dr. V. C., and Dr. A. F. Hess, carotinæmia, 106
Myopathy, proximal, 946
Myotonia congenita, 946
Myxœdema with high blood pressure, 438; case of, 914
Myxœdematous artist, a, 358

N

Narcolepsy, treatment (Dr. C. S. Myers), 491
Naso-pharyngeal tumour, 501
National Association for the Prevention of Infant Mortality, lectures, 68
National Baby Week Council, 1038
National Council for Combating Venereal Diseases, meeting, 791, 1286; appointment of travelling commissions, 1142
National Health Society (see Medical Societies)
National Hospital for the Paralysed and Epileptic (Py Q), 1390
National Institute of Industrial Psychology and Physiology, 779
National Medical Service, 280
National physical education, position of medical profession in relation to (Surg.-Cmdr. K. D. Bell), 231
Native races, dying-out of (Dr. W. H. R. Rivers), 42, 109
Naval Medical Service, promotion in (Py Q), 571; Medical Memorial Fund, 733
Neck, aneurysmal varix in, 1136
Needle, "606," improved, 450
Negligence and compensation, 834
Neil, Lieut.-Col. J. H., Field Ambulance Organisation and Administration (review), 503
Neo-natal mortality (Sir A. Newsholme), 1097
Neoplastic Diseases (Prof. J. Ewing) (review), 158
Nephritis, intestinal, chronic, 1010
Nephritis, war (leading article), 102; influenza as an ætiological factor in (Dr. W. W. D. Thomson and Dr. H. F. Macauley), 481; function of the kidney in, 663; syphilitic (Dr. H. B. Day), 1009; investigation and treatment of (Dr. H. MacLean and Dr. A. E. Russell), 1305; (leading article), 1326
Nerve disease, 440; roots, posterior, of the spinal cord (Dr. E. P. Cumberbatch), 548; strain, sanatoriums for (Py Q), 633; impulses, influence of, on visceral disorders (Mr. H. T. Gray), 1299, 1345
Nerves, electrical stimulation of, at operation (Mr. N. H. M. Burke), 761
Nervous and muscular systems, appliances for the examination of (Dr. J. Camus), 283; system, Hunter, Gaskell, and the evolution of (Dr. W. L. Brown), 640
Nervous disorders, functional, modern methods of treatment, 202; system and the endocrine glands, 1168
Nervous System, Central, and Special Senses, Physiology of (N. J. Vazifdar), third edition, 1920 (review), 872
Neuralgia, chronic trigeminal, bilateral destruction of Gasserian ganglia by alcohol injection for, 439
Neuralgia, Facial, and its Treatment (Mr. J. Hutchinson) (review), 1225
Neurofibromata, multiple, 325, 815
Neurofibromatosis, 1316
Neurological jottings, 553; cases, hospital accommodation for (Py Q), 1390
Neurosis, war, treatment, 37; war, the rôle of repression in, 1385
Neutrophile index, the (leading article), 920
Newham, Dr. H. B., treatment of bilharzia disease, 933
Newington v. Holman and wife, 63
NEW INVENTIONS.—Ear speculum, improved, 666—Head-lamp, new, 612—Mechanical cell for microscoping cerebro-spinal fluids, 1324—Needle, "606," improved, 450—Prop for retaining patients in the Fowler position, 666—Splint, new, for Colles's fracture, 556—Tongue forceps, improved, 1146—Tonsil bayonet, 556—Tourniquet, light, for use during intravenous manipulations, 504—Tube for draining the bowel, 918—Vaginotome, 450
Newman, Sir G., the place of public opinion in preventive medicine, 986
Newsholme, Sir A., neo-natal mortality, 1097
Newton, Dr. F. M., death of, 574
Nicole, Dr. J. R., "Mind and its Disorders," 121
Nicolle, M., H. Césari, and C. Jouan, Toxines et Antitoxines (review), 610
Nierenstein, Dr. M., chemo-therapeutics of quinine, 1386
Night medical service in Paris, 400
Nitrogen in war and peace, 972
Nitrous oxide gas for military hospitals, 349
Nixon, Dr. J. A., war œdema and epidemic dropsy, 933; famine-dropsy as a food-deficiency disease, 1169
Nodules on the legs, hands, and arms, 963
Norfolk and Norwich Hospital, meeting, 291; hospitals, financial condition, 635; Eye Hospital, meeting, 841
Norgate, Dr. R. H., effects of the war on the mental condition of the citizens of Bristol, 1169
North-East London Post-Graduate College, vacation course, 1337
North of England Obstetrical and Gynæcological Society (see Medical Societies)
Norway, medical practice in, 1078
Norwich Medico-Chirurgical Society (see Medical Societies)
Norwich non-medical coroners and necropsies, 230
Nose, restoration of, 514
Nose, throat, and ear disease among aviation candidates (Mr. D. Ranken), 800
Notice, brought to, 226, 286, 349, 401, 1191, 1340
Nottingham Medico-Chirurgical Society (see Medical Societies)
Novarsenobenzol, cerebral reactions following injections of (Surg. F. G. Hitch), 1311
Novarsenobillon, cerebral toxæmia following intravenous injection of (Mr. R. J. G. Parnell), 190
Novocaine anæsthesia (Dr. G. H. C. St. G. Griffiths), 960
Nurse anæsthetists, 394
Nursery Schools (Miss M. McMillan) (review), 717
Nurses, army, honours for (Py Q), 468; disabled, and their dependants, 563; female, employment in mental hospitals, 678; native, in South Africa, 748; war, treatment of (Py Q), 842; and 1914 star (Py Q), 888; temporary army, in India, gratuity for (Py Q), 936
Nurses Registration (Scotland) Act, 1919, 228; Registration Council (Py Q), 789
Nurses' salaries, 459; club at Brighton, 527; Coöperation, report, 931
Nursing associations and the Ministry of Health (Py Q), 739
Nursing, Complete System of (Miss A. M. Ashdown) (review), 159; Principles of (Mr. C. A. Brown) (review), 555; Industrial (F. S. Wright) (review), 964
Nursing Council, General, for Scotland, 929; in England and Wales, appointments, 938; nominees of the Board of Education, 986; international public health, 1125
Nutresco preparations, 1074
Nutrition of the Fœtus (Dr. J. M. Siemons) (review), 819
Nutritional clinics in Toronto, 1189; needs and the pathogenesis of deficiency disease, 1229
Nystagmus, Miners' (Mr. F. L. Hoffman) (review), 1224; (La Fatigue l'Appareil Visuel chez les Ouvriers Mineurs) (Dr. M. Stassen) (review), 1224
Nystagmus, miners', 334; vestibular, sensitive, 659; miners' (Py Q), 741, 1230, 1378

Trinity College, Dublin, post-graduate lectures, 1089
Tropical Disease Prevention Committee (leading article), 1370
Tropical Diseases, Diagnostics and Treatment (E. R. Stitt), third edition, 1919 (review), 611; Hygiene, Primer of (Col. R. J. Blackham), sixth edition, 1919 (review), 872
Tropical Diseases Hospital, Bath (Py Q), 1390
Tropical diseases, new hospital in London, 210
Trypanosomes, new classification, a question of nomenclature, 462; a correction, 570
Tubal gestation, ruptured, 258; sterility, 1013; pregnancy, full-time (Mr. R. E. Smith), 1163
Tube for draining the bowel, 918
Tubercle bacilli, staining of sputum for, improved technique (Dr. A. Distaso), 19
Tubercle (review), 282, 556, 917, 1174

TUBERCULOSIS.—Life assurance and tuberculosis, 48—Tuberculosis under the Insurance Acts; Cost of tuberculosis treatment; Open-air orthopædic hospitals; Sanatorium accommodation in East Sussex, 49—Tuberculosis in Birmingham; Borough of Poplar Dispensary; Sanatorium benefit in Ayr, 115—Sanatorium benefit in Wigan; List of sanatoriums approved by the Ministry of Health; Milk and tuberculosis, 116—Local hostility to new sanatoriums; Krysolgan in tuberculosis; Work of an urban dispensary; Sanatorium for merchant seamen, 398—Influenza in tuberculous patients 399—Government attitude to the after-care of the tuberculous; Establishment of a farm colony near Edinburgh; New sanatorium for North Riding; Tuberculosis in Portsmouth; Derbyshire's new sanatorium; Birmingham inquiry into sanatorium treatment, 564—New lights on the epidemiology of phthisis, 729—Factors in the increase of consumption; Well-authenticated epidemic of tuberculosis, 730—Tuberculosis as a factor in depopulation; Effect of tuberculosis on the length of life, 881—Friedmann's turtle vaccine; Campaign against tuberculosis in Canada; Annual reports; Tuberculosis in foreign journals, 882—Administrative control of tuberculosis; Tuberculosis settlements in Scotland; King Edward Memorial Association; Increase or decrease of tuberculosis during the war; Is sanatorium benefit permanent benefit? 1188—Reports and journals, 1189—"Natsopa," and the psychology of industrial convalescence, 1379—Vejlefjord sanatorium publications; Tuberculosis journals; Pensions for consumptive soldiers and sailors, 1380

Tuberculosis, diploma in, 275; and residence (leading article), 451; treatment, residential, conference of medical officers, 573; of the skin, bacteriology of, 672; Order, 1913 (Py Q), 685; expert on medical boards (Py Q), 739; institutional treatment of (Py Q), 739; and pensions, 788; laryngeal, 1115; treatment, 1118; rally (leading article), 1122; general practitioner and the treatment of, relative value of butter and margarine in treatment of, 1168; pulmonary, outlook in (leading article), 1227

Tuberculosis, direct infection in (Dr. B. Ward), 22, 122, 350; pulmonary and other forms (Dr. H. B. Shaw), 179; surgical, considered from the standpoint of the tuberculosis officer, 257; reinfection in, 288; infectivity of, 350, 403, 517; pulmonary, and the significance of Arneth's reaction (Dr. H. A. Treadgold), 699; in recruits and pensioners (Dr. J. Guy), 711, 838; pulmonary, treatment of, 1012; pulmonary, broncho-pulmonary spirochætosis (Castellani) simulating (Dr. C. L. Browne), 1164; pulmonary, vital capacity constants as applied to the study of (Prof. G. Dreyer and Dr. L. S. T. Burrell), 1212

Tuberculosis in Bombay, 117; in Devon, 574; at Brighton, fight against, 1089; holiday course in, 1242; in Aberdeenshire, 1242; in a remote community, 1280; treatment of, in Belfast, 1336

Tuberculosis in relation to school life, 201; problem, some aspects of (Dr. T. D. Lister), 425, 444; pulmonary, blood pressure in, 508; genito-urinary, treated with massive doses of tuberculin (Mr. R. Creasy), 542; need for a diploma in, 608; dispensary cases, after-history of 500 consecutive (Mr. F. G. Collins), 807; and hookworm, 1331; administrative control of, 1376

Tuberculosis Schemes, Handbook of, second edition, 1919 (review), 718; and Public Health (Dr. H. H. Thomson) (review), 916; Rules for Recovery from (Dr. L. Brown), third edition, 1919 (review), 916; Pulmonary (Prof. M. Fishberg), second edition, 1919 (review), 965

Tuberculosis Society (Congress): Opening addresses; Tuberculosis and the workers; Tuberculosis and child life; Recent advances in treatment; Farm colony; Education and training of patients suffering from non-pulmonary tuberculosis, 1235—Tuberculosis and the housing problem; Sanatorium dietary and milk tuberculosis; Surgical tuberculosis; Tuberculosis and the war; "Care work"; Artificial pneumothorax; Tuberculosis and training of the G.P., 1237; (see also Medical Societies)

Tuberculosis Trust, Edinburgh, Royal Victoria Hospital, meeting, 467; sanatoriums for Belfast and district, 879; hospital, surgical, for Belfast, 1028; sanatorium for Sussex, 1142; institutions, ventilation and heating, 1168

Tuberculous persons, institutional provision for (Py Q), 684; village settlements for, 777; patients, clothing for (Py Q), 789; soldier in Barnstaple Workhouse (Py Q), 843; soldiers, Interdepartmental Committee on (Py Q), 1139; persons, extra nourishment for (Py Q), 1337

Tuffier, Dr., kineplastic amputations, 281; honour for, 468

Tumour, labour obstructed by (Mr. T. H. Morse), 98; mediastinal, associated with acute leukæmia (Capt. C. R. Harrison and Capt. D. McKelvey), 252; naso-pharyngeal, 501; pituitary, 914; intramedullary, of spinal cord (Dr. A. Feiling), 957; supraglottic, 1114; of iris, 1142; of mesentery (Dr. J. K. Haworth), 1269

Tumours complicating pregnancy, labour and puerperium (Dr. H. R. Spencer), 411, 475, 529

Tumours of the ovary, origin of, 385; of the eighth nerve, 1165

Turner, Dr. O. P., specificity and evolution in disease, 1196

Turner, Dr. P., traumatic laceration of pedicle of a fibroid, 1270

Turner, Mr. P., compound (gunshot) fractures of femur, 488; fracture of left humerus, non-union after 34 years, 915

Turner, Mr. G. G., diverticulitis, 151

Turner, Mr. J. S., death of, 247

Turner, Mr. P., sarcoma of the scapula, 154

Turtle, Dr. G. de B., unilateral sweating of the face, 438

Turtle, Dr. W. R. M., sudden complete procidentia recti in a young adult male, 153

Tweedy, Dr. E. H., tubal sterility, 1013; treatment of ante-partum hæmorrhage, 1062

Twilight Sleep and Painless Childbirth (Dr. C. Webb-Johnson), second edition (review), 819

Twins, genesis of, 736

Type cultures, national collection, 1081, 1123

Typhoid, experimental, 724; fever in the army (Py Q), 740; fever, acute cholecystitis in children as a complication in typhoid fever, 778; epidemic in a sanatorium, 782

Typhus and relapsing fever in Mesopotamia and Northern Persia, 320, 379; in Paris, appearance of, 458; in Paris, extinction of, 513

Tzelepoglou, M., and M. Sappoy, double parovarian cyst, 1223

U

Ulcer, gastric, use of actual cautery in (Dr. J. Kirkland), 26; peptic, fatality of, 29; gastric and duodenal, perforated, 258; gastric, and the surgeon (leading article), 720; veneroid, 1182

Ulcers, occupational, 40; gastric and duodenal, remote effects of surgical treatment, 598, 677; chronic, of the stomach and duodenum (Prof. J. Sherren), 691

Ulna, congenital absence of, 384

Ulster Medical Society (see Medical Societies)

Ulsterman, the characteristics of, 1344

United Services Medical Society, meeting, 1241

University appointments, increase of payment, 513

University College Hospital Medical School, 290

University of Wales, Medical Faculty, rearrangements, 633

Unwin, Mr. S., Work of V.A.D. London No. 1 During the War (review), 1173

Ureter, congenital dilatation of, 324; construction of, unilateral pelvo-abdominal pain due to, 817

Urethritis, cystic, 211

Urinalysis in diabetes, 29

Urine, retention of, contusion of pelvis a cause of, in cases of enlarged prostate, 1021

Urine, vitamines in, 38; albumin in, detection of, method of heating test-tubes (Dr. G. Bousfield), 97; turbid, owing to the presence of lecithin-globulin, 868; after anæsthesia, 871

Urticaria pigmentosa, senile, 1012

Usher, Mr. C. H., and Mr. J. Rowan, non-operative treatment of glaucoma, 1069

Uterine hæmorrhage, indications of Cæsarean section for (Mr. H. B. Whitehouse), 237

Uterus, infected fibromyoma of, 870; gravid bicornuate, sacculation of, 871; and vagina, prolapse of, surgical treatment (Dr. B. Bell), 993, 1022, 1086, 1241, 1291, 1334, 1386; sarcoma of, 1142; rupture of, 1270; spontaneous rupture of, following pituitrin, 1271

Uterus, parturient, acute total inversion of (Dr. H. Townsend-Whiting and Dr. N. Glover), 495; cancer of, complicating pregnancy, labour, and the puerperium (Dr. H. R. Spencer), 529; retroverted gravid, rupture of bladder associated with, 608; parturient, total inversion of (Mr. W. G. Evans), 713

V

Vacancies, weekly lists of, 69, 126, 177, 227, 292, 355, 407, 470, 525, 576, 636, 686, 744, 791, 844, 891, 940, 988, 1039, 1094, 1143, 1201, 1246, 1294, 1340, 1392

Vaccination and the war, 105; Acts amendment (Py Q), 468; officers (Py Q), 987; statistics (Py Q), 1138; and small-pox (Py Q), 1140

Vaccination (Py Q), 522; antityphoid, of children, 1287; difficulties in Devonshire, 1388

Vaccine treatment of acute orchitis and catarrhal jaundice, 351; antitoxin treatment of diphtheria, 510

Vaccines and the diphtheria carrier, 838, 885

V.A.D., London No. 1, Work of, During the War (Mr. S. Unwin) (review), 1173

Vagina, rupture of, during labour, 871; cicatricial narrowing of, 1170; lateral intestinal anastomosis through (Mr. J. G. Watkins), 1364

Vaginotome, the, 450, 679

Vagrancy in West Sussex, reduction in, 72

Vallois, M., cicatricial narrowing of vagina, 1170

Valnale, M. Guerin, pregnancy with inoperable carcinoma of cervix, 502

Vanghetti, Dr. G., awarded the Riberi prize, 1389

Varioloid disease, anomalous, 1239

Varix, aneurysmal, traumatic, 657; aneurysmal, in the neck, 1136

Varrier-Jones, Mr. P. C., and Sir G. S. Woodhead, poultry-farming, an occupation suitable for consumptives, 793; industrial settlement for the consumptive, 1041

Vazifdar, N. J., Physiology of the Central Nervous System and Special Senses, third edition, 1920 (review), 872

Venereal clinics, privacy of (leading article), 163, 221, 1088, 1136; disease, dual alliance against (leading article), 1075

Venereal Disease, its Prevention, Symptoms, and Treatment (Mr. H. W. Bayly) (review), 203; Diseases, Lectures on (Mr. L. Myer) (review), 1173; Diseases for Students (review), 1317

Venereal disease, prevention of, 119, 219, 287, 519; and professional secrecy, 171; problem of, 172; prevention in Portsmouth, 634, 1037; treatment centres for (Py Q), 684; R.A.M.C. views on, 690; in the army (Py Q), 1092; control of, the Mission of Hope, 1137; statistics (Py Q), 1200
